Well, I have to give you credit for being very resourceful. But, your venomous lash back on Xavier will not stop me from submitting our paperwork. Regardless of what complaints you file and what you try, your days of criminally using kipmckean.com are numbered. Our ICANN complaint is done, it will be submitted on the 45 day mark, and you will be handing the domain over to us at the end of it all.

You're just going to have to register a site where you don't violate the laws of this land and the terms of the registration agreement to perpetuate your manipulation of the truth. Also, you guys can stop removing all your stuff from Wikipedia and such in preparation to cover things up for the arbitration. We've already documented and date-stamped everything, showing the true intent of ALL your sites.

Congratulations on all of your efforts. You have successfully saved hundreds, if not thousands from the truth. No matter who's right before the Lord in all this you can be sure there is a very special place reserved for you ☺

Much needed "Grace, mercy and peace from God the Father and Christ Jesus our Lord." 2 Tim 1:2
